Value Delivered

APPLICATION SPECIFIC SOLUTIONS

- Standard mount tube is the industry norm
- Low-mount tube enhances interference clearance
- Ultra-low mount tube optimizes clearance and virtually eliminates interference damage

DESIGN RICH FEATURES

- Symmetrical design allows easy left/right hand conversion
- AccuSeal™ clamp delivers simple and secure installation
- 100% mated metals construction

FLEET BENEFITS

- Reduce inventory; if you have one side, you have either side
- One tool, secure torque at 20 ft. lbs. ensures safe operation
- Corrosion eliminated; delivers durability and long life
